March 6, 2013

Dear Ms. Damian,

Per your request, please find the attached appraisal of bullion and numismatic items. The stated values represent the maximum retail replacement price of the appraised items. The total value is \$256,057.04.

The inventoried items have a direct correlation to the spot price of gold and silver, were \$1575 and 28.54 on March 4, 2013, respectively. The certified pre-1933 U.S. gold coins do carry a slight numismatic premium, which varies with time, but are mostly tied to the spot price of gold since most are common issues. The exception would be the 1883-CC \$20 Liberty Gold piece, which is a rarer coin. In order to arrive at the values indicated, I used recent auctions at major auction houses, wholesale dealer sell prices via Certified Coin Exchange, and the Greysheet, a rare coin newsletter that publishes current pricing for coins.

Tangible Investments, LLC opened in 1984 when Silvano DiGenova, a rare coin prodigy who single-handedly created the coin grading set used by the Professional Coin Grading Service (PCGS), decided to start his own business. Tangible Investments has been involved in over two billion dollars worth of transactions, many for historically important rarities. Tangible Investments, LLC is an authorized dealer for the Professional Coin Grading Service (PCGS), and is a member of the American Numismatic Association (ANA), the Professional Numismatists Guild (PNG), the Industry Council for Tangible Assets (ICTA), the Numismatic Guaranty Corporation (NGC), and the Better Business Bureau (BBB).

I, Chaz Knauff, am a numismatic and commodities trader for Tangible Investments. Prior to joining Tangible Investments as a numismatic and commodities trader in 2011, I served as e-commerce manager of The Stamp and Coin Place in Bellingham, Washington. I transitioned to managing bullion and numismatics while at the privately owned shop, spearheading significant sales growth in those areas. I am a member of the American Numismatic Association, and have been involved in the industry for four years. I hold a Bachelor of Arts degree in Political Science from Western Washington University.

Thank you for the opportunity to view and appraise the collection. It was a true pleasure to work with you. Please do not hesitate to contact me at any time if I can be of further service.

Sincerely,

Chaz Knauff
Numismatic & Commodities Trader
